PUBLIC GYMNASIUM IS SUGGESTED BY SUPT. CAPLINGER

Head of City Schools Suggests to the Board of Education That Building Be Erected as Gymnasium Which Might Be Used by the Public.

The regular monthly meeting of the City Board of Education was held last night at the office of the Superintendent at the High School building and little aside from routine business was done.

Superintendent Caplinger was granted a leave of absence to attend the meeting of Superintendent's division of the National Educational Association which will be held in Atlantic City during the latter part of February.

The High School has been under quite a handicap for several years because of the number of students and because of the crowded condition of the building which is used for the Central Graded school as well as the High School. There is no study room and the students of the High School are compelled to study in recitation rooms. Mr. Caplinger last night suggested that a study room should be provided sometime in the future and that the auditorium used be fitted with permanent seats and it used as study room as well as auditorium. He suggested that this room should not be used as a gymnasium.

Mr. Caplinger's suggestion in bringing this about was the building at the proper time of an additional building in the rear of the High School and the teacherage which would be used as a gymnasium and swimming pool should be built in the basement. He also suggested that this gymnasium and swimming pool be used by the general public as well as the school with certain specified days for women and girls and other days for men and boys. Mr. Caplinger explained that his suggestion was something for the future and asked the members of the board to study the question.

MAYSVILLE BAND WOULD BE BIG DRAWING CARD

Prominent Lexingtonians Interested In Having Our Band Play for Bluegrass Fair This Year.

The Lexington Leader last night said: Messrs. J. Barbour Russell and A. L. Glascock, of Maysville, were in Lexington today to see Secretary Ken Walker relative to engaging the Maysville Boys' Band for the Bluegrass Fair this year. Those members of the Lexington Board of Commerce who went on the get-together tour last spring remember with pleasure the concert which this boys' band gave one evening during their stay in Maysville. It is now doubtless the honest opinion of every one of these men that the Maysville Boys' Band would be a drawing card at the Bluegrass Fair which no other feature could excel. The quality of the music played by these boys, their discipline, and the interest which follows them wherever they go are truly remarkable. Messrs. Russell and Glascock are sort of "fathers" to this band. They have been devoted to it from the beginning and consider it Maysville's greatest advertisement and recreational asset. The proposed Boy Scout band of Lexington will be patterned after the Maysville organization and will be trained by the same instructor.

A charming assortment of white and flesh lustrous batiste envelop chemise featuring the new "Dove Outline Stitch." \$1.38. Hunt's.

27 CASES LIQUOR TAKEN BY CHIEF ORT LAST NIGHT

Chief Trails Auto Truck to Front Street and Takes Possession When Part Had Been Unloaded—Federal Court Case.

Twenty-seven cases of liquor were taken by Chief of Police Harry A. Ort at about 1:30 this morning when he stopped the unloading of an auto truck of liquor at the side entrance to W. H. Farwick's place in Front street. Chief Ort first saw the auto truck when it was moving north on Limestone street being trailed by a small auto roadster. He immediately suspected that the truck being out that time of the morning was carrying liquor and he "shadowed" it, thinking that it was probably transporting liquor into Ohio and was going to the ferry landing. The machines turned west on Front street and the officer followed in the shadow of the C. & O. railroad trestle to near the corner of Front and Market. The machine stopped in front of Farwick's door and the occupants began unloading the liquor. Chief Ort remained in hiding until about fifteen cases of the liquor was unloaded and then stepped out placing the men under arrest. The small roadster was parked at Front and Market street and the officer took charge of both automobiles and the liquor.

The strangers gave their names as Lawrence and Williams, but they later proved to be Harry Pelzer, of Newport, and J. C. Smith, of Cincinnati. Both men were lodged in jail and Federal Prohibition Agent Fitzgerald and Deputy U. S. Marshal Phillips arrived here this afternoon to take charge of the men who will be removed to Covington to be taken before the U. S. Commissioner for examination.

The confiscated liquor was removed to Police headquarters where it was stored in the old city "lock-up." Nineteen cases are of the M. M. Dowling brand manufactured at a Lawrenceburg distillery and nine cases are the famous Old Taylor. All of the liquor is put up in quart bottles and is labeled "for medicinal use."

Chief Ort is certain he did not get all who were in the party and is of the opinion that at least two escaped, one of whom he thinks was a woman. The officers are investigating this matter as well as the ownership of the liquor. It is believed that the liquor had been purchased by a number of Maysvillians and was not owned by one man.

MORE WHISKY FOUND IN SEARCH BY OFFICERS.

Chief Ort accompanied by Prohibition Agent Fitzgerald and Deputy U. S. Marshal Phillips searched the rooms of W. H. Farwick in Front street at about 2:30 o'clock this afternoon and found a trunk containing thirty-five or forty quarts of whisky which was confiscated. Other developments are expected.

The jury in the case against Dr. H. C. Winnes charged with the murder of Miss Lura Parsons at Harlan, Ky., was given the case last night and deliberated for 40 minutes when they were locked up for the night. At 3:30 o'clock this afternoon the jury still had the case which seems to indicate a hung jury.

"FATHER" COMING HERE NEXT MONDAY

Musical Comedy Built Around the Jiggs Comic Strip to Be Seen at Washington.

The doings of the famous Jiggs Mahoney and his better half, Maggie, brought to light and created by George McManus in his popular cartoons, "Bringing Up Father," are scheduled to hold merry sway at the Washington theater on next Monday evening with the usual matinee. Probably no character in the annals of fiction are as funny and beloved as the effusions of Mr. McManus. For years his comical have been entertaining and amusing millions with the result that the children of his artistic brain are now considered a national institution.

Gus Hill saw the possibilities in introducing this squabbling, but adorable pair on the stage. He realized that every town and hamlet had its Jiggs family, and that there were plenty of Dinty Moore's tucked somewhere to arouse joy and make life worth living after all. In the new play, bearing the title of "Bringing Up Father at the Seashore," which is comedy galore with plenty of hitting, tuneful and infectious music all the famous characters become vitally alive. Their quarrels and rows are renewed all over again, and their antics serve to increase their popularity and at the same time contribute happiness and mirth to their countless admirers.

The offering is in three acts. A beauty chorus of twenty young women, who know how to sing and dance, is one of the features.

Careful workmanship, good material, every open armhole re-inforced, ample fullness, are some of the special features of our Dove undergarments. Hunt's.

FOUR MEN BURNED TO DEATH IN WRECK

Trapped Trainmen Are Burned To Death as Their Comrades Look on Unable to Rescue Them.

Newark, Ohio, February 1. — Trapped in the wreckage of a train early this morning, four men were burned to death in full view of their comrades who were helpless to aid them.

The dead, all of Columbus, are William Williams, M. A. Pack, C. O. Roush and John Zimmer. Freight Train No. 8539, running 25 miles an hour, crashed into the rear end of a Pennsylvania wreck train, comprising a tool car and a bunk car, which was standing on a siding just east of O'Hannon avenue, Newark. The impact telescoped the two cars, and the engine of the freight train was caved in. The oil lamps in the bunk car exploded, and almost instantly the mass of wreckage was in flames.

Ten members of the wrecking crew were in the car. Six of them escaped, notwithstanding their injuries. The other four were pinned under the blazing debris. They screamed in their agony, but wouldbe rescuers were helpless. Two hours later the charred bodies were dragged from the ashes.

Corset covers for 50 cents and 75 cents are no novelty, but covers like these at such prices are rare exceptions. Hunt's.

GROWERS TO CON- SIDER 1921 CUT OUT MONDAY AFTERNOON

Precinct Chairmen at Meeting Held Today Call Mass Meeting of the Mason County Growers for Next Monday Afternoon.

Precinct chairmen appointed to handle the tobacco situation in Mason county held a meeting at the Farm Bureau building this afternoon to consider the advisability of pushing the cut-out plan among the growers of this county.

The question was gone into very thoroughly by the committeemen and it was finally decided to put the question squarely before the growers. The best way to get an expression from the growers in all parts of the county was thought to be to call a mass meeting at which an expression could be gotten. In accordance with this notion, the precinct chairmen called a mass meeting at the Mason county court house for 1 o'clock next Monday afternoon. As Monday will be County Court day it is thought that there will be many in attendance at the meeting.

If the expression of this mass meeting is in favor of a 1921 cut-out pledges will be circulated among the growers and if not the matter will be dropped.
